

**FOR IMMEDIATE RELEASE:**

**Logisticus Group® at Cargo Logistics Canada 2015**

*Greenville, South Carolina – January 15, 2015* - Logisticus Group announces they will be exhibiting at this year's [Cargo Logistics Canada](#) conference, held January 28-29 in Vancouver, British Columbia.

In addition to showcasing its full array of service offerings, Logisticus Group will be demonstrating the latest capabilities of the Logisticus Transportation Management System - a web-based tool providing inventory management, time tracking, site/supplier performance metrics and detailed reporting for the transportation industry.

Connecting with Logisticus Group's top personnel is simple and convenient. Experts from each of Logisticus Group's divisions will be available to discuss challenges and solutions one-on-one, providing attendees a forum to discuss their logistics ideas and/or concerns.

A recognized leader in project cargo and logistics planning, Logisticus Group brings years of experience to managing all aspects difficult projects, from pre-planning through execution.
